For All Practical Purposes (FAPP) remains the leading textbook for turning liberal arts students into skilled math users and consumers. The text conveys the power of mathematics by presenting expert coverage of applied math concepts in fields as diverse as manufacturing and distribution, politics, the economy, architecture, technology, and the natural world, accompanied by classic and contemporary examples and exercises.

For All Practical Purposes (High School), 9th Edition ...

This is not a math textbook. It's a lifeless mathematical wannabe-magnum-opus that has no educational value whatsoever. There is no way in the world I'd call this "money well spent." So please warn your math teachers that "For All Practical Purposes" is the bane of math students everywhere. It's too late for me and my peers; save yourselves.
