Chevy Corvette Motor

The 2020 Corvette offers a first-ever production retractable hardtop. The top adds just 77 pounds to the weight of the vehicle and flows seamlessly into the body while maintaining Stingray's impressive storage capabilities. Available in body-color or Carbon Flash, the two-piece hardtop can activate at speeds up to 30 mph.

Introducing the 2020 Corvette | Mid-Engine Sports Car

The Chevrolet Corvette, colloquially known as the "Vette", is a two-door, two-passenger sports car manufactured and marketed by Chevrolet across more than 60 years of production and eight design generations. From 1953 to 2019, it was front-engined, and since 2020, it is mid-engined. With its generations noted sequentially from C1 to C8, the Corvette serves as Chevrolet's halo vehicle and is ...
