daunting challenges. Although having a huge public education system and quite a relevant budget in a GDP percentage, the issue is that Brazil destines most of its resources to superior education (in which universities are generally attended by upper classes' students), in detriment of resources to primary ...

Brazil: Which Are The Main Challenges Ahead?

Brazil's overall performance on the Global Competitiveness Index (GCI) indicates that there is room for improvement in most dimensions of the index (Figure 1). Ranking 80th out of 137 economies on the index, Brazil is the least competitive among the BRICS, and is outperformed by several of its neighbours - such as Chile, Colombia and Peru.

Strategies for Succeeding in Today's Brazil

The only Latin American country that systematically improved its competitive positioning during the Lost Decade was Chile. Chile is the country in the region that can be compared to an "Asian Tiger" in terms of its economic performance, and its institutional transformation during the 80's led the way for the reform processes of the region.
