"Democracy and the Politics of the Extraordinary is a brilliant study of Max Weber, Carl Schmitt and Hannah Arendt. It comes at a propitious moment in American politics. Most scholars have presented the enlarged sphere of executive discretion within the Bush presidency as a legal problem.

Democracy and the Politics of the Extraordinary: Max Weber ...

Democracy, literally, rule by the people. The term is derived from the Greek *dēmokratiā*, which was coined from *dēmos* ("people") and *kratos* ("rule") in the middle of the 5th century bce to denote the political systems then existing in some Greek city-states, notably Athens.

democracy | History, Development, Systems, Theory ...

Although the modern age is often described as the age of democratic revolutions, the subject of popular founding has not captured the imagination of contemporary political thought. Most of the time, democratic theory and political science treat as the object of their inquiry normal politics, institutionalized power, and consolidated democracies.

Abstract. This article explores the relationship between crises and democracy through a focus on the unfolding coronavirus pandemic. Its central argument is that to interpret the current pandemic purely in terms of its epidemiology and public health implications risks overlooking its potentially more significant socio-political consequences.
