As of this writing, Gutenberg has over 57,000 free ebooks on offer. They are available for download in EPUB and MOBI formats (some are only available in one of the two), and they can be read online in HTML format.

### Document Sequence In Oracle Apps

A document sequence uniquely numbers documents generated by an Oracle Applications product. Using Oracle Applications, you initiate a transaction by entering data through a form and generating a document, for example, an invoice. A document sequence generates an audit trail that identifies the application that created the transaction, for example, Oracle Receivables, and the original document that was generated, for example, invoice number 1234.

### What is a Document Sequence? - Oracle

A document sequence generates an audit trail that identifies the application that created the transaction, for example, Oracle Receivables, and the original document that was generated, for example, invoice number 1234. Document sequences can provide proof of completeness.

### Document Sequences - Oracle

Document Sequence numbering is powerful option in oracle apps to create a unique sequence number for a document generated in oracle Apps (i.e General voucher , receipt, Purchase Order). Oracle Apps give option to generate the document sequence separate for each app function or combine sequence number for each application.
