Focus On Presentations : First Edition

Presenters are often vague about what they want to accomplish with their speech, or they have multiple objectives. To focus your presentation, you need to stick to a clear and single goal. The whole point of a speech is to change people’s minds or behavior. That could mean you want them to: Approve your idea. Hire your business.

How to Focus Your Presentation: 7 Tips - Rob Biesenbach

The best time to focus your presentation is during the brainstorming period before you’ve created an outline or even opened the computer. Brainstorming may sound like something tedious you were forced to do in school before you started actually working, but it’s an essential part of creating a presentation.

How to Focus a Presentation | Ethos3 - A Presentation ...

The first three parts of the book focus on basic skills and concepts, including four basic types of presentations relevant to technical communication. The last two parts introduce more advanced topics, such as legal, privacy, and censorship issues, and the changing nature of presentations in the digital age.

Oral Presentations for Technical Communication 1st edition

In the first chapter of this book, the author, Robin Williams, explains what a “Presentation” is and is not. When she described good and bad presentations, she brought back so many memories for me. That was just thinking about presentations that I made. Those I attended are another large batch that sprang up in my head.
