from the GPS Screen. You can move back and forth along the hole with a swiping motion. When you manually place the Target icon on the GPS screen and hit Preview, Golfshot determines the trajectory, and the location is displayed on the Preview screen. Tap the Golfer tab to view a preview from your current position.

Golfshot: Golf GPS

I really like Golfshot Pro because it provides a long term glimpse of my game. I see where I'm wasting strokes, I develop a macro view of my game that other apps just can't provide, all while giving me important yardage info. Thanks! - Michael S., Golfshot member since 2012

Home - Golfshot

A step forward from Golfshot GPS! - Brian Shemwell I love this app. I believe it helps me manage my game better, especially the GPS. I am vision impaired and have difficulty judging distances and the GPS enables me to accurately (subject to skill in execution) choose the right club for the distance concerned - Doug Burrows This app is pretty neat.
