Heinz Kohut - Wikipedia

Self psychology, a modern psychoanalytic theory and its clinical applications, was conceived by Heinz Kohut in Chicago in the 1960s, 70s, and 80s, and is still developing as a contemporary form of psychoanalytic treatment. In self psychology, the effort is made to understand individuals from within their subjective experience via vicarious introspection, basing interpretations on the understanding of the self as the central agency of the human psyche. Essential to understanding self psychology a
