Internal Combustion Engine Fundamentals By John Heywood ...

Acces PDF Internal

John B. Heywood is a British mechanical engineer known for his work on automotive engine research, for authoring a number of field-defining textbooks on the internal combustion engine, and as the director of the Sloan Automotive Lab at the Massachusetts Institute of Technology (MIT).

**John B. Heywood
(engineer) -**

Wikipedia

In 1798, John Stevens built the first American internal combustion engine. In 1807, French engineers Nicéphore Niépce (who went on to invent photography) and Claude Niépce ran a prototype internal combustion engine, using controlled dust explosions, the Pyr  olophore. This engine powered a boat on the Sa  ne river, France.
