Leed Canada for Homes - CaGBC

LEED for Homes in New Jersey. LEED homes are built to be healthy by providing clean indoor air and incorporating safe building materials to ensure a comfortable environment. They also use less energy and water, meaning lower utility bills each month. In many markets, certified green homes are now selling quicker and at a higher price than comparable non-green homes.

LEED Homes - USGBC NJ

The LEED for Homes workbook is very hard to find, is dated 2014 and not referenced in the Sample forms on the USGBC.org site. There just seems to be a whole lot of confusion around how this program is being implemented when apparently a hard deadline is fast approaching. Many of our clients don't perceive Homes as preferable to LEED NC.
