Eastern philosophy caught the attention of western "seekers" and artists as early as the late 19 th century, but it wasn't until the mid-20 th century that meditation became popularized in the West. This period saw the arrival of meditation masters from the East who were invited to share their skills and knowledge with interested students.

**Where Does Meditation Come From? Meditation History & Origins**  
A mandala (emphasis on first syllable; Sanskrit [मण्डल], mandala – literally "circle") is a geometric configuration of symbols. In various spiritual traditions, mandalas may be employed for focusing attention of practitioners and adepts, as a spiritual guidance tool, for establishing a sacred space and as an aid to meditation and trance induction.

**Mandala - Wikipedia**  
Gazing Meditation (Trataka) — fixing the gaze on an external object, typically a candle, image or a symbol (yantras). It is done with eyes open, and then with eyes closed, to train both the concentration and visualization powers of the mind. After closing the eyes, you should still keep the image of the object in your "mind's eye".
