Playful Data

"Playful Data" is what sums up my style and inspiration for data visualisation projects perfectly, and in that respect the book contains exactly what you'd expect. Personally I'm looking forward to re-reading for nuggets of inspiration for future works. I'd recommend it for any data visualiser who wants to bring out their inner artist.

Again, researchers were listening to a data set and they heard kind of a low “Grr” sound, like a low roar of a lion an the Serengeti [laughs], and that term has now stuck. It’s been really fascinating to work with research scientists, to play them some of their data sets and actually see the epiphany moment as their gears turn, and they say, “Aha!, that’s why we call it a ‘lion roar.’” [Laughs]
