'Precalculus  
Mathematics in a  
Nutshell' was written  
after many years of  
teaching calculus  
courses convinced the  
author that a clearly  
focused, brief review of  
high school  
mathematics should be  
available — one which  
highlights the  
important ideas of  
geometry, algebra, and  
trigonometry and  
makes them easy to  
understand and

In an effort to correct

Get Free  
Precalculus  
Mathematics In A  
this I bought  
Precalculus in a  
Nutshell, and the  
results were  
spectacular. In just a  
week I was able to  
finish the book and  
work on 95% of the  
problems (there are  
many!). Simmons goes  
a long way in removing  
any useless additional  
information from his  
book while keeping the  
explanations fresh.
