## **Problem Solution Anchor Chart - dc-75c7d428c907.tecadmin.net**

I frequently blog about the ones I create, and I'm constantly pinning great anchor chart ideas I find on Pinterest! Because of this, a few questions about anchor charts are sent my way throughout the school year. I must admit, a few years ago, I hadn't figured out any great solutions to these common anchor chart problems.

I want to share with you some ideas for teaching students how to  
justify answers in math, as well as some of my favorite resources  
for providing much needed practice with math tasks and word  
problems. 1. Create an anchor chart with clear examples and  
your expectations for how you want your students to justify their  
answers.

## **Teaching Students How to Justify Answers in Math ...**

Use our Retelling Anchor Chart to help your students understand  
what you are asking them to do. A good retelling should  
have...characters, setting, events in order and problem &  
solution. We suggest that you display the anchor chart, but  
cover up the bottom concepts so that you can focus on just one  
thing at at time.

## **Retelling Unit of Study - The Kinder Corner**

Problem and Solution; Compare and Contrast; Description . The  
chart is a one-page size that might come in handy for a spare  
corner of the room, or for a wall near students who would benefit  
from having a nearly reminder of just what each structure is or  
an example of each structure.
