This book is the result of many years of teaching jewelers and others how to refine their precious metal wastes. Instructions start with tasks that are easy to ...

Refining precious metal wastes: Gold, silver, platinum ...

Recovery is the process of removing impurities from precious metals.

Read Book

Refining Precious Metal Wastes Gold

Through the recovery and refining systems offered by Proses Makina, you can have the right information, materials and equipment. Besides, you can easily refine precious metals with high purity such as gold, silver and more metals from mine which is a primary source and scrap jewelry which is a secondary source. Gold Refining from the Mine
