Introduction to Woodworking Techniques. Part of the Workshop Companion, a collection of information on wood, woodwork, woodworking skills, woodworking materials, and woodworking plans that together form the core knowledge needed by woodworkers, furniture makers, cabinetmakers, turners, and other practioners of the wood arts to become competent craftsmen.

### Woodworking Techniques - Workshop Companion

Shaping is different on different platforms (3750 metro as example) and shaping is not the same as police. The rule of thumb is that you should be at the same Bc/Tc or under value that is used by the SP. Previously with ATM and Frame, the shape Tc was normally set to 1 second (Bc=CIR) in order to avoid SP drops.
