## **Amazon.com: Self-Determination of Peoples: A Legal ...**

Self-determination, the process by which a group of people, usually possessing a certain degree of national consciousness, form their own state and choose their own government. As a political principle, the idea of self-determination evolved at first as a by-product of the doctrine of nationalism, to which early expression was given by the French and American revolutions.

The self-determination of peoples is a major issue in the world community: both radical and subversive, it serves to grant statehood to oppressed peoples, but also to disrupt existing State structures. This book, the first comprehensive legal account, sets out to trace how this political ideal has turned into an international legal standard.
