Sustainable Livelihoods Guidance Sheets Eldis

This document, the first in a collection of seven documents that complete the Guidance Sheets, provides an introduction to sustainable livelihoods (SL). It looks at the origins and objectives of SL, its core concepts, issues around sustainability, and links to other approaches in development. As a whole, this set of Guidance Sheets attempts to summarise and share emerging thinking on the sustainable livelihoods approach.

Guidance Sheets, starts off by introducing the livelihoods framework. The framework is a tool to improve the understanding of livelihoods, particularly the livelihoods of the poor. A diagram shows how the various parts of this framework tie into one another.

Sustainable livelihoods guidance sheets: section 2 | Eldis

This is the fifth part of a seven part series of Guidance Sheets on sustainable livelihoods. The focus of this section is on policies, institutions and processes (PIPs). Effective PIPs are recognised as essential in sustaining livelihoods. Together, they shape poor people's livelihood options. Although the importance of policy and institutional issues is widely recognised, approaches to reform are generally poorly understood.
