Kiki Smith creates an embodied art. She chose the human body as her subject because it is the one form that we all share; something with which each one of us has our own authentic experience. Her choice was informed by undertaking training to become an Emergency Medical Technician and also by the Catholicism of her upbringing.

Embodied media is a media art organisation led by creative director Dr. Keith Armstrong who is the instigator, director or lead artist on all projects on this site. Philosophically embodied media aims to contribute to discourses around sustainability through centring the place of creative practice in this complex and necessary process of sociocultural change for the coming century.

"Embodied Flow helps you reclaim a primal sensory skill set long forgotten in this modern age. It sets up a paradigm for true transformation offering a rich container for deep introspective sensitivities to nature, people and ourselves, and becoming attuned 'to a subtle variety of flavours of consciousness.'

Embodied land is a direct response to the sounds of the sea and the resulting vibrations of the land, which were with me 24 hours a day for the month I spent there, and became embodied within me. Working on the ideas and feelings from this time I have produced paintings and prints both in the studio and working outside in Pembrokeshire where the coastline also resonates with sound.

Embodied Land - Exhibition at Rye Art Gallery in Rye

Abstract. This article examines the idea of an embodied art in A. S. Byatt's short story 'Body Art'. In order to contextualize this concept, the essay begins with a survey of Byatt's earlier explorations of the link between mind and body, as well as an analysis of the small amount of secondary material relating to 'Body Art', a text that has received little critical attention.

The concept behind "Embodied Flesh" is to convey the beauty of humanities age through the portrayal of a trees growth. Humanity is obsessed with youthfulness and goes through extreme procedures in order to appear younger. When compared to a tree the more it ages the grander and more exquisite it becomes while also becoming a home to many creatures and overflowing with life. Moreover "Embodied ...
