shifting, and demanding sports fans. The sports industry is booming like never before. At all levels, from professional and high school to college and club, revenues are reaching previously unimaginable heights. Sports are now a multi-billion dollar global business that is on the cutting-edge of entertainment, new media technology, and communication and marketing synergies.

The Elusive Fan: Reinventing Sports in a Crowded Marketplace

Rein and his associates start out from the premise that the sports world is changing for a multitude of reasons including: increased competition for the fans attention and money, the decreasing social aspects of going to the ballgame, and technology that means fans don't have to physically go to the game to watch it, along with the increasingly individualized nature of sports itself presents a major challenge to those who make a living off of live game attendance.
