The Mushroom Cultivator: A Practical Guide to Growing ...

ago, mushroom cultivation in the Western world has been a mysterious art. Professional cultivators, fearful of competition, have guarded their techniques as trade secrets, sharing them only with closest associates, never with amateurs. The difficulty of domesticating mushrooms adds to the mystery: they are just harder to grow than flowering plants.

Amazon.com: Customer reviews: The Mushroom Cultivator: A ...

Mushroom cultivation overall is a complex process if you wish to understand it. That being said if you want a seat of your pants, a bare minimum super stupid easy book on how to grow one kind of mushroom right here and right now without an effort this is not it. You cannot buy that kind of easy in this kind of book.
